Application shall be made on a Township form and must be submitted to the Township Clerk and/or other designee of the Township Board (hereinafter referred to as "Clerk"). Once the Clerk receives a complete application including the initial annual medical marihuana facility fee, the application shall be time and date stamped. Complete applications shall be considered for authorization in consecutive time and date stamped order. Upon consideration, if the facility type authorization is available within the number specified above, then the applicant shall receive conditional authorization to operate such medical marihuana facility within the Township. Once the limit on the number of an authorized facility is conditionally reached, then any additional complete applications shall be held in consecutive time and date stamped order for future conditional authorization. Any applicant waiting for future conditional authorization may withdraw their submission by written notice to the Clerk at any time and receive refund of the initial annual medical marihuana fee submitted.

3. Within thirty days from conditional authorization from the Township or from December 15, 2017, whichever is later, the conditionally authorized applicant must submit proof to the Clerk that the applicant has applied for prequalification from the state for a state operating license or has submitted full application for such license. If the applicant fails to submit such proof, then such conditional authorization shall be canceled by the Clerk and the conditional authorization shall be available to the next applicant in consecutive time and date stamped order as provided for in Section III (2) herein.

4. If a conditionally authorized applicant is denied prequalification for a state operating license or is denied on full application for a state operating license, then such conditional authorization will be canceled by the Clerk and the conditional authorization shall be available to the next applicant in consecutive time and date stamped order as provided for in Section III (2) herein.

5. A conditionally authorized applicant shall receive full authorization from the Township to operate the medical marihuana facility within the Township upon the applicant providing to the Clerk proof that the applicant has received a state operating license for the medical marihuana facility in the Township and the applicant has met all other requirements of this ordinance for operation including but not limited to any zoning approval for the location of the facility within the Township.

6. If a conditionally authorized applicant fails to obtain full authorization from the Township within one year from the date of conditional authorization, then such conditional authorization shall be canceled by the Clerk and the conditional authorization shall be available to the next applicant in consecutive time and date stamped order as provided for in Section III (2) herein. The Township Board shall have authority to extend the deadline to obtain full authorization for up to an additional six months on written request of the applicant, within thirty days prior to cancellation, upon the reasonable

discretion of the Township Board finding good cause for the extension.

7. A Permit and a Renewal Permit Shall not confer any vested rights or reasonable expectations of subsequent renewal on the Applicant or Permit Holder, and shall remain valid only until the expiration date of the permit immediately following its approval.

8. Each year, any pending Application for renewal or amendment of existing Permits shall be reviewed and granted or denied before Applications for new Permits are considered.

9. It is the sole and exclusive responsibility of each Permit Holder or Person applying to be a Permit Holder at all times during the Application period and during its operation to immediately provide the Township with all material changes in any information submitted on an Application and any other changes that may materially affect any state License or its Township Permit.

10. No permit issued under this Ordinance may be assigned or transferred to any Person unless the assignee or transferee has submitted an Application and all required fees under this Ordinance and has been granted a Permit by the Township Board. No Permit issued under this Ordinance is transferrable to any other location except for the Permitted Premises on the Permitted Property.

11. The original Permit issued under this ordinance shall be prominently displayed at the Permitted Premises in a location where it can be easily viewed by the public, law enforcement and administrative authorities.
